

Dear Readers,

Starting with the January 10th issue, we will no longer provide home delivery of the Flashes. Instead, the Flashes will be delivered to over 240 locations in Van Buren, Allegan, and Kalamazoo counties. These locations will have many copies available, so you can take one home. A full list is provided below.

This change was made necessary by a variety of changes here, at the Flashes, but also made for the best interest of readers like you. It allows for faster pickup times, with issues available starting Thursday, a broader circulation area, for more local coverage, and increased availability. No more missing an issue due to problems with home delivery. A copy will always be available for pickup at one of the locations.

Of course, the Flashes is still available online, for free, at epaper.wilcoxnewspapers.com, or through a free weekly email subscription. Additionally, if you still want a publication covering Paw Paw and Eastern Van Buren County to come to your home, The Courier-Leader can be mailed to you each week for \$40 per year. Just call our office at (269) 657-5080 to set up your Courier-Leader subscription today.

We appreciate your readership and understanding.

Mike Wilcox, Publisher
